## Strategic programme A

## FAIR AND EQUAL SOCIETIES

### Area of activity 2: Integration and social inclusion of Roma

#### A 2.1 – Technical assistance and capacity building in the area of “Integration and social inclusion of Roma”

Strategic programme A: <b>FAIR AND EQUAL SOCIETIES</b> Area of activity 2: <b>Integration and social inclusion of Roma</b>	<b>PRIORITY 1</b>	Start date: 01/01/2017	STATUS: ongoing	TYPE: multiannual
-------------------------------------------------------------------------------------------------------------------------------	-------------------	---------------------------	--------------------	----------------------

#### POLICY RELEVANCE and ADDED VALUE of the PROJECT

The Council Recommendation of 9 December 2013 on effective Roma integration measures in the Member States calls on the Member States to use the support of FRA in developing and applying relevant core indicators or methods for monitoring and evaluating progress on Roma integration. In response to the Recommendation, the Agency established the infrastructure for providing technical assistance and capacity building support in the area of Roma integration. It provided support to the Member States and the Commission in monitoring and reporting on Roma equality and inclusion through analyses and by developing a portfolio of Roma integration targets and indicators under the policy areas of education, employment, health (including disability) and housing, discrimination and anti-Gypsyism, and with particular focus on children and women

Drawing on FRA's relevant research work and data collected through Roma-specific surveys, the project will continue to provide expertise and technical assistance upon request contributing to Roma integration in EU's post-2020 programming period. In particular, it continues to support Member States' efforts to develop sound national data sets and monitor progress in Roma equality and inclusion. It will also assist the European Commission in assessing progress in this respect. In this context, the project benefits from the project-level cooperation with EEA/Norway Grants for the development of novel methods for collecting data on the status of hard-to-reach populations the results of which could be used for populating fundamental rights indicators, as well as with regards to supporting the development of participatory engagement methods at local level.

#### PROJECT OBJECTIVES

- To provide opinions (on request) and evidence based advice;
- To provide analytical input to the Commission's assessment of progress in Roma integration and policy planning
- To support the development and implementation of guidelines on equality data in Member States
- To improve the stakeholders' capacity to apply data in the policy-making process;
- To support the monitoring and reporting on Roma integration at EU and national levels 'and contribute to the design of post-2020 monitoring of Roma integration'
- To issue analysis and papers based on existing materials, when required, and update selected publications;
- To make findings of FRA available to policy makers in a proactive manner and engage in relevant awareness raising, communication and cooperation activities;
- To fine-tune and update EU rights-based indicators capturing the Roma-non-Roma gap in access to education, employment, health and housing, as well as discrimination and anti-Gypsyism, and populate them with data from 2011, 2016 and 2018, as well as on specific issues relevant to the area and specific projects. Indicators will take into account particular challenges faced by Roma women.

## Area of activity 4: Rights of the Child

### A 4.3 – Children and young people’s experiences of fundamental rights fulfilment - disaggregating data in existing FRA surveys

Strategic programme A: <b>FAIR AND EQUAL SOCIETIES</b> Area of activity 4: <b>Rights of the Child</b>	<b>PRIORITY 1</b>	Start date: 01/01/2020	<b>STATUS:</b> <b>NEW</b>	<b>TYPE:</b> Multiannual
----------------------------------------------------------------------------------------------------------	-------------------	------------------------	------------------------------	-----------------------------

#### POLICY RELEVANCE and ADDED VALUE of the PROJECT

A number of FRA studies and surveys have highlighted the particular vulnerability of certain children and young people in the EU with regard to fundamental rights.

The EU strategic agenda 2019-2024<sup>1</sup> recognises the particular vulnerability of young people to inequalities<sup>1</sup>. It will be the framework for EU policies in the coming years. Based on the Council resolution of 26 November 2018, the EU developed the EU Youth Strategy, which is the framework for EU youth policy cooperation for 2019-2027. It intends to bring the EU closer to young people and to help address issues of concern to them through for instance reliable and sound data collections on the respective issues as in surveys and administrative data. In view of the upcoming EU child guarantee, the project could support evidence based policy development.

The project will report on the fundamental rights situation of children and youth by disaggregating data for the age groups of 16 to 24 years of age from existing surveys carried out by the Agency. Where feasible younger age groups will be addressed (for example on Roma) and a more detailed age break down done (for example 15 to 19 years of age for the LGBTI II survey). The Agency will undertake a statistical analysis of its existing data sets in EU MIDIS II, Roma, LGBTI II surveys and the Fundamental Rights Survey to learn about their rights awareness, experience of potential discrimination, their use of complaint mechanisms. By drawing also on the Fundamental Rights Survey, the analysis will be able to compare the situation of young people living in vulnerable situations (e.g. Roma, LGBTI, migrants) with that of young people amongst the general population. The data will be available in 2020.

#### PROJECT OBJECTIVES

- Provide relevant stakeholders (see target groups) with an evidence-based overview of the situation of young people in the EU (in particular of young people living in vulnerable situations) and formulate FRA opinions to inform impactful policymaking
- Promote among relevant stakeholders and policymakers and decision takers in the EU the importance of youth participation and of tackling youth concerns in the EU
- Support EU efforts to strengthen child and youth participation in political and democratic life, to implement the EU Youth Strategy 2019-27 and the 11 Youth Goals
- Support EU efforts to build more inclusive societies
- Support EU efforts to combat youth radicalization

Area of activity 1: **Migration, borders, asylum and integration of refugees and migrants**

PRIORITY 1

Start date: 01/01/2017

STATUS:  
ongoingTYPE:  
multiannual

#### POLICY RELEVANCE and ADDED VALUE of the PROJECT

This project follows-up activities related to past projects and covers ad-hoc requests for support by EU institutions, as well as initiatives taken in the implementation of the cooperation agreements with the Justice and Home Affairs agencies. The main activities under the project will be communicating research findings and providing fundamental rights expertise to EU institutions and bodies in areas such as asylum, border management, EU IT systems, migrant smuggling and trafficking in human beings, severely exploited migrant workers, return and readmission, as well as Schengen evaluations and refugee/migrant integration. Evidence-based advice will also be provided as relevant to other key policy makers, particularly at national level. FRA will also carry out targeted research and analysis, draft or update reports, handbooks and/or fundamental rights guidance or other capacity-building tools. It will attend coordination meetings with JHA agencies and expert meetings by the European Commission. The project also allows FRA to actively participate in the Consultative Forum of EBCGA and EASO, implement the 2018 EU Agencies Joint Statement of commitment to working together to address trafficking in human beings and offer expert advice and support to CEPOL, ECDC, EASO, eu-LISA, EUROPOL, EUROJUST, and EBCGA in close cooperation with the Commission.

#### PROJECT OBJECTIVES

- Share robust evidence where there is a knowledge gap, particularly on fundamental rights issues relating to large-scale IT systems, refugee integration, border management, return, as well as other policy relevant issues;
- Respond effectively to requests for fundamental rights expertise by EU institutions;
- Advise the European Commission, Member States and EBCGA on how to incorporate fundamental rights in Schengen evaluations;
- Provide timely and legally sound advice to EBCGA, EASO, eu-LISA, EUROJUST, as well as EUROPOL, CEPOL and ECDC with respect to the application of fundamental rights in their respective spheres of work;
- Develop tools and practical guidance.

## POLICY RELEVANCE and ADDED VALUE of the PROJECT

The Agency will organise in 2021 for the third time its Fundamental Rights Forum as a two-day event. The event will bring together up to a maximum of 500 participants ranging from grass-root practitioners, including a significant role for young people, to leading European policy- and lawmakers.

Discussions at the Forum will contribute to major debates, concerning EU priorities that affect human rights. The Forum will engage diverse audiences and encourage exchange of ideas for a critical exchange of views and experiences. As such, it calls for action, addressing heads-on, through intense public dialogue, major human rights challenges and fostering closer cooperation and networking between human rights institutions and bodies, civil society and social partners. The Forum will create opportunities for networking and enhancing partnerships between rights holders, in particular youth, their diverse communities and EU institutions.

The content of the Forum will be developed in 2020 through consultation with relevant institutional stakeholders and civil society. In the development of the Forum, the Agency will ensure the mainstreaming of issues related to gender, children and youth, and persons with disabilities.

## PROJECT OBJECTIVES

- Providing a forum for networking and for sharing ideas and promising practices
- Facilitating interaction among FRA's stakeholders and explore new, innovative ways to engage with them

#### POLICY RELEVANCE and ADDED VALUE of the PROJECT

The research work of FRA as well as cooperation activities with stakeholders are carried out under specific project headings. The appropriations here are intended to cover deliverables and measures on issues and events, which arise during the current financial year, for example responses to requests for the Agency's assistance and expertise by stakeholders, responses to requests for joint events (e.g. by EU-Presidencies), additional data or information required by research projects that could not have been foreseen, additional data and information for the Fundamental Rights Report, ad hoc expert meetings, including general information/coordination meetings with FRANET contractors. Recent examples for such additional ad hoc requests are:

- The report "Respect for and protection of persons belonging to minorities 2008-2010" prepared on request of European Parliament and published September 2011;
- The Joint expert seminar with the Hungarian Presidency on "Protecting victims in the EU: The Road Ahead" (March 2011);
- FRA Opinion on the draft Directive regarding the European Investigation Order (EIO) in criminal matters upon request of European Parliament published in February 2012;
- Conference "Charter of Fundamental Rights of the European Union" in cooperation with Danish Presidency March 2012;
- Responses to stakeholder consultations launched by the European Commission on fundamental rights related issues;
- Expert inputs into EU conferences and events on fundamental rights related topics.
- Different FRA stakeholders depending on the issue.
- Monthly Bulletins looking at the fundamental rights implications of COVID-19 measures across the EU. The data collection is done through the FRANET network. Initially planned for four Bulletins (April to July), if funds become available, the monthly publications could continue until the end of 2020 (September to December 2020).

In addition, subscriptions to specialist (research) journals and periodicals in all formats and to research electronic resources will be covered by this fiche
